A NOTE ABOUT THE ARTIST EDGAR BEREBI

It is inevitable for an artist and avid collector to hunt for the perfect design element for a home. When Edgar Berebi designed their Soho loft in Manhattan in 1985, it was difficult to find hardware to match the Arts & Craft décor. It was at this moment that Edgar realized how important this miniature design element was to a home. Years later the Berebi family moved to New England. Their cottage style house required classic American hardware to complement the décor that filled their home. This time Edgar decided to design the knobs and pulls. That was the beginning of the Edgar Berebi collection of architectural hardware. In 2003 the collection was placed in some of the finest showrooms in the country.

Edgar's background in jewelry and fine home décor is apparent in its meticulous engraving and detail. We like to think of each piece as a work of art in concept and design that makes a home unique.

We are 100% American made; all designs are copyrighted with the Library of Congress.

You will find all of our architectural hardware in the finest designer hardware and plumbing showrooms in the USA and Canada.

Anne Artist Collective is one of the few chosen companies authorized to use the name Swarovski®. Be confident that edgar berebi cabinet hardware and bath accessories uses the most famous crystal company in the world. Look for the "Decorated with Swarovski crystals"

THE MASTERWORK ATELIER

Anne Artist Collective LLC
Hardware for the Ages

Urban Metro

Cabinet hardware

Urban Metro...A creation by Edgar Berebi. It is an American classic with a strong linear design that complements the modern as well as the traditional.

There are 24 collections available in 9 finishes...all hand crafted, hand polished and hand finished. Each collection has a full suite of sizes to include longer pulls to fit the larger, more dramatic cabinetry yet is still understated in its appearance. Some collections include our new knob-pull that has a low profile but is linear to match the pulls.

We are 100% American made; all designs are copyrighted with the Library of Congress.
